

Spill-Clean

ALL NATURAL ABSORBENT

FOR OIL BASED SPILLS

XL Bag
(approx 70 lbs)

Small Drain Filter
(Custom Sizes Available)

Medium Resealable Bag
(approx 3lb)

Below Grate
Drain Filter

Our Natural Absorbent is hydrophobic - This means it absorbs products such as oils, paints and other hydrocarbon fluids while not absorbing water.

Here are some of our most popular items

XL Compressed Bag - Approximately 70 lbs. Ideal for larger spills - Can be emptied into a 50 gallon drum for repeated use in shops and garages.

Medium Resealable Bags - Approximately 3 lbs. This bag is portable enough to move around with ease yet can handle most large spills.

Pillows - 10"x16", 2'x2' or 3'x3'. Great for putting under a leaky valve or an oil leak from a vehicle.

Socks - 6"x3' (Custom sizes to order) Best used to surround and contain a spill.

Below Grate Drain Filters - 24"x36"x18", 24"x24"x18" or 24" round. Catches oil, heavy metals, sediment and other contaminants from storm water runoff.

Spill Kit - Contents: 1) 6' sock 1) 10" x 14" absorbent pad. After use the sock and pad can be returned to their resealable plastic bag. (Custom Kits to order)
